

Evalu8d have teamed up with Paul Swift Precision Driving to offer the ultimate Team Build Experience.

Here are some examples of the types of events we can create for you.

### Driving Sales Challenge

**A fun, innovative way to increase sales, as well as enhance your driving and selling skills.**

Evalu8d will facilitate the event to re-focus the team on how to improve sales.

The team will be set sales challenges, subject to your business needs, learn advanced selling skills, and receive feedback using Behaviour Analysis.

The team that performs the best throughout the day will have the advantage in the final Team Driving Challenge. The better they perform the more 'practice time' they receive.

In the final Team Challenge\* each driver will show off their new found driving skills, in individual and team challenges.

### Team Incentive

**A great way to incentivise a team.**

Set all your teams a challenge to improve sales, service, productivity or revenue targets, etc. The team that makes the most difference gets rewarded with this special team day.

They would be treated to:

- A head to head auto test
- Professional one to one Instruction
- Handbrake Parallel Parking
- Team Challenge\* of Choice (see list below)
- Passenger Stunt Rides
- Two Wheel Experience
- Individual Action Photograph
- Certification

Or we can design a day for you to reward a successful team.

*\*Team Challenges choose from one of the following:*

- Head to Head Autotest against the clock
- Car Football Match or penalty shootout
- Themed Movie Production such as The Italian Job or James Bond
- Stunt Show Challenge
- Sales/Service/Productivity themed video
